I've put together a list of the best options Melbourne has to offer for you to plan an unforgettable date night.

# 1 The Lui Ba

The bar also offers food options including oysters, cheese and chocolates perfect for a little indulgence.

## 2 The Royal Botanic Gardens

The Royal Botanic Garden makes for a perfect place to take a romantic stroll with your partner.

The 38-hectare land encompasses over 8,500 plant species for you to appreciate hand in hand while exploring the serene surroundings.

Take your pick from the Rose Pavilion, the Ornamental Lake or the Temple of the Winds to unwind, while enjoying the beautiful scenery.

It's undoubtedly a great location for any couple looking for a simple yet magical date experience.

If you are looking for a unique and memorable experience for your next date night, then the Melbourne Theatre Company is a wonderful option!

Whether you prefer to see their live performances in the main arena located in Southbank or opt to enjoy one of their many shows on demand right in the comfort of your own home, you're sure to find something that suits both of your tastes.

With over 30 years of experience in performing theatre, they have perfected their craft, providing audiences with joyful and thought-provoking entertainment.

## Yarra Valley Balloon Flight & Wine Tour

Want to make a lasting impression on your loved one?

Take them on a hot air balloon ride across the Yarra Valley. Once you get down, enjoy a hearty meal, explore the valley and wind down with a wine tour.
